

Dear friends

We greet you with the Father's love.

Our Living Light Church in India of which I have become bishop, (which means overseer over more than just one church) needs our assistance. Each church, 25 in total, numbers about 150-200 members. Most are very poor, but the poorest are the children.

We have preached to more than 1200 people under a tent and also in several churches. Many got saved and the next day many were also baptized. We slept perhaps 3 hours each night. Had we stayed longer it would have doubled or quadrupled. The greatest need is education in God's Word for pastors. The children are completely uneducated. Therefore, we have also begun Bible College as well as school for the youth.

In India, single mothers; who either lost their husbands to illness or an accident; raise their orphans alone. They try to hire themselves as day laborers. Often they have no work and because of being very poor and illiterate they can't find better jobs. Children fend for themselves and some do not survive. Their poverty is caused by severe paganism.

But they have brothers and sisters in Christ that love them for we are one body, one pulse, one heartbeat and one blood flow. And now, since I obeyed the Lord, we must direct His body's life-giving blood also to them.

The church founder apostle Ruben-Angelakurthi died at the age of 60. He exhausted himself while laboring for the Kingdom; he paid the pastors from his own pocket. Being a professor at the University all of his earnings went to the support of God's work; there was hardly anything left for his own family. Imagine his zeal and commitment. His two sons who are no preachers or Bible teachers; they inherited these churches, without a name and any spiritual covering.

God made high demands on my life by sending me to India. Overnight I have become their spiritual covering. The fire must spread through that pagan country, which worships about three million different idols.

BELIEVING IN MANY CONFUSES, BUT FAITH IN THE ONE GOD CREATES A SOUND MIND.

The hunger is enormous. The churches are growing in spite of the oppression of the upper Hindu cast, which forms the majority of the Indian government dictating the terms. Many missionaries cannot openly preach Jesus and publically say words like "are you saved" or "born gain" yes, these expressions are outlawed. But on a private land we can say whatever we want; and that's what we did. We have named it the LIVING LIGHT CHURCH, which currently is under spiritual covering of Luxum Light (just as you are our precious friends and supporters), which owns 1 and 1/2 acres of land and now in addition to it we can also buy the adjacent land.

We will travel to India in January where we will conduct Pastors' Bible Teaching Seminars. Practically, all of my 10 books and booklets are being already translated into the local Telugu language. I have committed myself to support the pastors and help them with their salaries. Currently, we support them and 35 orphans. It costs us only \$1600 (USD) each month to feed 35 children. ([☞ List of orphans](#)) I pray that this continues.

Any extra amounts would help us to buy the adjacent land creating a Revival Village. About \$10,000 is needed to buy the land. That would mean that the born-again believers

would also reside there, keeping it clean and showing our holy and righteous culture to those who know nothing else but filth and squalor. Already, entire villages belong to our ministry's outreach. With this system we can cover India.

[Deuteronomy 10:18] "He executes justice for the orphan and the widow, and shows His love for the alien by giving him food and clothing."

[Luke 12:22] "For this reason I say to you, do not worry about your life, as to what you will eat; nor for your body, as to what you will put on. "For life is more than food, and the body more than clothing."

Some have while others do not have. One is called to be a missionary to those who are not. To some it is given while to others it is not. Those that receive will eventually learn to give also. God makes one strong so that one might be of help to the weak.

Rain serves the earth, rivers and streams feed the oceans, which feed billions of creatures and also maintain our planet's weather patterns.

No one deserves anything. One is not more privileged than the other for we deserve nothing. We live and function by His grace. No one is superior because of better economical status. To one it is given to think higher thoughts while to another it is given to learn them. One must humble the pride of life before another in order to obtain that which one needs. Through this system we learn graciousness and kindness.

Every church that is missionary-minded will prosper. In this world, in Him we have peace, which is security, therefore speculating about future events is the actual worry about 'tomorrow'. People are deeply involved in the rapture, tribulation and Antichrist subjects they do not realize that they meddle with the 'tomorrow' and not the 'now', which leads to the 'tomorrow' anyway. Therefore, if we seek His Kingdom first and its righteousness, which means His Ministry first and its fruit – righteousness, clothing and food are then naturally added. Based on this Kingdom principal let us practice righteousness by helping God's ministers in India. Like Israel, the Apple of God's Eye, so are also His ministers. God said that instead of the firstborn He wants the Levites (ministers) and by supporting them you actually bless God Himself and He will personally thank you for it.

[Numbers 3:12-13; 44-45] Again the LORD spoke to Moses, saying, "Now, behold, I have taken the Levites from among the sons of Israel instead of every firstborn."

This month we have sent support for the pastors and their poor families. Each supporter of this work will receive a picture of the pastor's family and the orphan they sponsor. When you send a check please make sure that you specify in the memo: 'India Fund'.

May the Lord bless you and keep you always.

With the love of our Heavenly Father in His Son Lord Jesus;

Joseph and Jennifer Luxum
